

PRESENT: Cllrs. Colin Field (Chairman), Keith Martin, Chris Charter and Robert Carey

In attendance: Louise Chater (Clerk), District Cllr. Peter Clementson, County Cllr. Pieter Montyn, District Cllr. Graeme Barrett and five members of the public.

PUBLIC QUESTION TIME

1. The applicant of 14/00321/FUL advised that the storage of gas cylinders did not currently conform to the required safety standards due to changes in the regulations. One cylinder was to be decommissioned, three other tanks buried under ground in current location. The applicant's cylinder would be underground within their property boundary. They had worked closely with neighbours and calor gas; new contracts would be drawn up.

They would not be enclosing highway land and confirmed they were not building outside of land in their ownership. The new building would be six metres from the highway.

2. Clappers Lane application - the church was currently open to the public if the crime rate in the area increased this could potential mean the Parochial Church Council opt to close the church which would change the character of the village.

EWB/14/00457/OUT - Case Officer - Jeremy Bushell

Wates Development Ltd

Land South Of Clappers Lane Bracklesham

Erection of 160 residential dwellings, new vehicular access, open space, and other ancillary works.

Cllr. Carey brought the response to the application by Sussex Police to the attention of the meeting.

1. Police Community Safety Officer - due to budget cuts the number of officers had been reduced to only one officer who was currently on sick leave.
2. Sussex Police objection expressed concern about the increase in crime rate for the area. Referring to the site as being isolated and on the edge of the community. The Polices solution was for the developer to provide funding for ANPR, CCTV camera, police room and panda car. This was one-off payment.
3. Concern was expressed that there was currently a police room in Bracklesham Barn which had not been used. The potential impact of installing ANPR and CCTV was that it moved to the adjoining area which would increase the fear of crime in the parish of Earnley. The letter from the police implied that the character of the area was going to change significantly as the Police defined this application as a significant development.
4. District Cllr. Barrett reported that Selsey Police station was no longer open to the public.
5. District Cllr. Clementson advised the Parish Council to write the Police Commissioner to express concern about policing in the community.

The Chairman thanked Cllr. Carey for his work on drafting the letter on a

proposal by the Chairman it was agreed that the letter be amended to cover crime and safety issues.

District Cllr Barrett confirmed the District Council were responsible for the pollution issues. Cllr. Carey requested District Cllr. Barrett raise the IEMA guidelines with the relevant officer.

It was noted that the Parish Council had held a meeting with WSCC strategic planning officers. It was agreed the minutes (copy attached) were an accurate record of the meeting and to forward the minutes to CDC to be included on the website.
