

Minutes of the Planning Committee Meeting held on the 28th May 2015

PRESENT: Cllrs. Chris Charter (Chairman), Robert Carey, Keith Martin and Sandy Simpson.

In attendance: Louise Chater (Clerk), District Cllr. Susan Taylor and six members of the public.

P66.15 PUBLIC QUESTION TIME

A resident expressed concern with regard to the underhand way the Marsh Barn application had converted from four residential caravans to a Gypsy and Travellers caravan site. In addition the various enforcement notices on this site had still not been complied with.

Cllr. Martin stated that the Design & Access Statement had been uploaded to the website today, however it had been dated to show it had been placed on the site on 28th November 2014. Concern was expressed that this is misrepresentation of the facts as a member of the public or a Planning Inspector would assume the information had been available from November.

In addition adjacent landowners had claimed that they own the land stated in the application as being owned by the applicant.

The Parish Council had requested the site be re-measured the Parish Council had yet again not received any notification of the results.

It was considered that the application should have been withdrawn and resubmitted.

District Cllr. Taylor stated that she was due to meet with District Cllr. Barrett and would follow up the matter with officers.

change of use of agricultural building from agriculture to 3 no. dwellings (C3 Use Class)

It was noted that Parish Councils are not consulted on this type of application and it was requested that District Cllr. Taylor raise this issue with the District Council.

Concern was expressed with regard to the location of the building in regard to the adjacent glasshouses and the narrow access would create potential access issues for the adjoining property who had a right of way over part of the track.

On a proposal by the Chairman it was RESOLVED to submit comment stating that although the Parish Council understood that it cannot object on material grounds, the parish council were concerned that the building remained in use as a packing shed and if the District Council were minded to permit the application that a caveat be put on the properties that they were subject to an agricultural tie.

It was requested the Clerk seek clarification on permitted development from the District Council and request the matter is placed on the peninsula forum agenda.
