**YOUR
LSA PROJECT
NEEDS
YOU**

Some of you helped to steward an extremely successful LSA exhibition at the Weald and Downland Museum last May at their Food and Folk Festival. We will be doing the same this May (5-7th) and again in September (29-30th).

These events provide an opportunity to tell the LSA story to a wider audience. **Please let me know if you would be available to help out with a morning or afternoon session on Saturday 5th, Sunday 6th or Monday 7th May. Thank you.**

Update on LSA House

No 144 is now safely in storage at the Weald & Downland Museum awaiting funding to be re-erected – Let me know if you know a possible sponsor! Many thanks to Dana & Ben Stevens (No 116) who have donated their Crittall windows to replace the UPVC ones which were in No 144. Jason & Carole White (No 143) have offered spare tiles, bricks, etc when Peter Farley's former house is demolished later this year to make way for their new home.

The Spring Edition of the Weald & Downland Magazine contains a detailed article about the dismantling process as well as recognition of Norman Dixon's role in the process. See link below, then Pages 24-26

I do not believe it

Pete King (No 121) tells me that at the time of the closure the representative for local estate agent's Sting and Chagemore (King & Chasemore) was a Mr Monkhouse, allegedly the brother of the comedian Bob - why let the truth get in the way of a good story!

LSA Artefacts

Filmer –

Thanks to Leigh Belcham (Newbourne LSA), Marianne Heath (No 54) & Charlie Roe who told me that 'Filmers' were manufactured by RH Filmer, based at Aylesford in Kent (company now dissolved)

Thank you for all your continued support and assistance with this project.
